

Series: Preaching the Word

Recommendations for Series:

'For this outstanding series of expository commentaries. Kent Hughes has assembled a team of unusually gifted scholar-preachers. The series will be widely used and much sought after.' Eric J. Alexander

'The Preaching the Word commentary series is one of my favourites. The focus upon explaining a text with preaching it as the goal makes the series resonate with the priorities of the pulpit. No academic aloofness here, but down-to-earth, preacher-to-preacher meat for god's people.' Bryan Chapell

'I'm delighted to endorse the philosophy behind the series edited by my friend Kent Hughes. Here sounds out the voice not of the scholar in the study but of the scholar in the pulpit. The authors are all able teachers who regularly expound God's living word to his people. May this rich material give us "patterns of preaching" that will not only feed the flock, but by God's grace, change the church.' Dick Lucas
